

LPFM's are not the answer. There is a wonderful station called K-Love that is doing wonders for day-to-day life here in Chandler, AZ. If you were to make LPFM's have priority, it could effect K-Love's presence. You know the kind of inappropriate stations that are out there. This is a station that allows my 3 children a break from pushy, rude commercials while giving them uplifting words and songs of encouragement. Please do not allow LPFM's to take priority over a station that is so positive. I have given up cable television and this station is the only uplifting part of a very deceitful, vicious world.
